Tech Lead with over 10 years of experience leading and building projects. I'm a generalist by nature with a minimalist mindset ("YAGNI" and "KISS" are my mottos). I enjoy working with all the departments to ensure I understand the business, the product and the clients. Proactive and passionate. I love No Code, DevOps, and software quality (yes, I do enjoy writing tests).

PROFESSIONAL EXPERIENCE

Astara - Automotive

Full Stack Dev

Hybrid - Madrid, Spain

Sept 2022 – April 2024

- Technical Leadership: improved team best practices, such as code quality, performance, testing, analysis and design. Training sessions and mentoring.
- Infrastructure Leadership: Team training. Cybersecurity improvements through external audits. Analysis, design, and implementation of a managed multi-region API and a serverless architecture for another one. **AWS + Terraform, Vercel** and Github Actions.
- Backend Developer: **Ruby on Rails, PostgreSQL**. Analysis, design and implementation of a Multi-DB API (sharding) with Docker and OAuth. Automated documentation with Swagger. **GraphQL**.
- Frontend Developer: **Vue + Nuxt**. Custom component Library. Performance improvements. Seo Technical Lead (from 50 to 4000 monthly organic users). Implementation of a blog with **Prismic**.

SmyGroup - Dental

Tech Lead

Hybrid - Madrid, Spain

May 2019 – Sept 2022

- Technical direction of several projects from Spain and the United States.
- Development of a web platform for managing custom patient treatments. Workflow analysis to automate tasks, define protocols, and scale the application. **Ruby + Sinatra, AngularJS, MySQL, AWS, Gitlab CI/CD**.
- Maintenance of a web app for managing HIPAA medical data. **ASP.NET, Azure**.
- Redesign of marketing websites, CRM integrations (**Hubspot** and **Clientify**). **React + NextJS y Wordpress**.
- Implemented **Scrum** from scratch for a 4-person team. Provided training, coaching, and continuous improvement of the framework (removing waste). Defined the group's technical best practices (documentation, deployments, continuous integration, cloud infrastructure, etc.).

PERSONAL PROJECTS

- Project Lead & Reverse Engineering at Tradusquare.es since 2018.
- Organized eSports events in Madrid. 2014-2018.
